

Montessori Pathways' End of the Year News

Note from Ms. Alena, Head of School

Dear Montessori Pathways Families,

It is hard to believe that the school year is already coming to a close. This year has truly been a whirlwind! As we wrap up, I would like to take a few moments to personally extend a thank you to our incredible school staff who work very hard on a daily basis to guide our children and help them learn and grow no matter what. We would be hard pressed to find a more caring and dedicated group of teachers.

To all our parents, I would like to say thank you for trusting us with your children, and for your investment and support to provide a unique quality education for our children.

Although this is not how we would like to finish our school year, I am encouraged by the many positive things that have happened throughout the year and would like to share the many wonderful moments with you. Please check the links below for video albums. More fun albums you can always find on our webpage:

Missing all of my friends and looking forward to seeing you soon!

Stay safe, healthy, happy, and connected!

Warmly, Ms. Alena

Goodbye from the East Room Teachers— Ms. OnDreia and Ms. Carole

It's hard to believe that it's the end of the school year already. It truly has been a pleasure working with your children. We have enjoyed getting to know each one of them, their smiles and sense of humors. They will always have a special place in our heart.

We wanted to also take the time to thank you for all of your support throughout the year. We appreciate all the time spent working with your child and for donating items throughout the year. Your participation was greatly appreciated. Especially during these past few months of trying times.

Over the summer, we would ask that you continue to reading to and with your children every day. Continue to work on lower case initial sounds with them, and number recognition with quantity. However, keep it fun by trying to make a game out of it.

Most of all just let them be children, have fun and enjoy this age, because they do grow up way too fast. Hopefully, we will have a chance to see some of you over the summer! Otherwise we will see you in August.

*Sincerely,
Ms. OnDreia, Ms. Carole*

Goodbye from the South Room Teachers— Ms. Kathy and Ms. Urana

It is hard to believe the year is over. What a crazy end to the year. We would like to thank all of you for your patience, help and guidance during the distance learning curve we all went through.

We are so proud of the children. They had to adapt as well. Each child has grown tremendously during these last 2 months. The children were all very patient and able to raise their hands to speak and take turns speaking. The funniest day came when the children learned to change their virtual backgrounds. They did it so much easier than the teachers. We really enjoyed this special time with the children. It was great to share projects and ideas. Most of all it was a gift to see all the happy faces daily.

When we began the school year in September our focus was on community as we celebrated International Day of Peace. Interesting that we ended the school year with peace and community also. We could not have done it without all of you pulling our little community together for all of us and the children as well. We saw so much love, caring and sharing during this difficult time.

Again, thank you Parents for all you do and have done to foster community at Montessori Pathways. We look forward to seeing you at Summer Camp and next school year.

*Warmly,
Ms. OnDreia, Ms. Carole*

Goodbye from Ms. Bridget, Elementary Class Teacher

It is with great pleasure that I conclude the year by saying thanks for allowing me the opportunity to not only teach your child in person, but to teach your child in a history making zoom distance learning capacity!!!! We will go down in history as the people who did it AND made it work! Thanks for your undying flexibility and passion. It would have not gone as well without you.

We are ending the year on a high note with brain activities and fun. The kids deserve it. Usually we would be doing the same thing in the classroom...review and cleaning. Please make sure they clean their work space!!

Enjoy the summer and have your child work on the summer enrichment packets. This will help them stay focused and practicing concepts.

*Best regards,
Ms. Bridget*

Good luck to everyone from Montessori Pathways Team!!!
